

Ophera monitors

The Ophera flush mount video-audio entry system combines elegant good looks with advanced functionality and contemporary design. It has a colour 3.5" LCD monitor module and a swivel mount display for viewing from a range of angles with sleek dimensions of just 158mm x 124mm x 16mm.

With a choice of 3 surround colours, Ophera will blend effortlessly into the modern home or office and is available in two versions, standard or building, both fully compatible with X1 systems, X2 systems and System 300.

Vanilla

Orange

Arctic Blue
