

## FEATURES AND CHARACTERISTICS

The JA-60A siren is designed for outdoor use, powered from its own AC adapter and has a built in back up battery.

It contains a high powered siren and a flashing light with a colored lens. In addition to signaling alarms, it can also provide arming and disarming chirps.

The siren makes regular auto testing and reports its condition regularly to the system for full supervision. Built in tamper sensors trigger an alarm if there is any attempt to tamper with the siren.

The siren communicates wirelessly with the control panel (two way communication). Only one JA-60A siren can be used with a JA-60 control panel.

## SPECIFICATION

	JA-60A
Power	230VAC, 50Hz (optional 110)
Back-up battery	6V, 1.3Ah
Working range	Up to 100m (open area)
Siren	Piezo electric, 118dB
Siren timer	60 seconds
Flash light timer	5 minutes
Cover	Class IP44
Working environment	Outdoor use, -25 to +60 °C
Compliant	EN 50131-1, class 2
